My Dearest

was were a merry but hot party  
coming home. I arrived here with Mrs Webb  
Lady Campbell & Sylvia at about 11 Pm.  
Michael called out to us in street as Lady C  
inquired if it were a drunken man - &  
Madge was on the doorstep looking well after  
her holiday. Michael had brought home a  
bowl of glaucous blue gentians & wild  
lily of the valley.

well I can't say what a joy these days  
have been - you know because you feel it  
too - But to get these present members  
to hear & see you & and yet feel you as the

old ones did was undervalued. The  
teaching which has experience &  
proof behind it can be appraised with a  
different voice & accent than teaching which is  
only in the thinkers' brain.

When we were talking of the "bains" of yphod  
you might be pleased in the way they express  
I cannot find teaching Kit-Kit; E. A. P;

Penny, Drury we forgot Devonshire - a rather  
we did not mention her. That she has pulled  
up the school to the level you always wished!

Perhaps one day you may see fit to let her  
to the musical appreciation in the college & school - me  
working up. She has the cultivation of mind & breeding for  
it & is a musician in feeling.

I enclose you Helen P. R.'s little letter. She & Muriel Stead have exchanged  
addresses!! - much love & many many thanks  
Netta.

My dear Miss Mason.

I want to thank  
you, and thank you again and  
again, for our wonderful time  
at Ambleside, and for your  
very great kindness to me.

It was a time of happiness and  
delight and of very real  
refreshment in many ways. I

shall always remember my first  
meeting with you, my first  
glimpse of Scale How and all  
its charm, and of your most  
glorious country. It has been  
a landmark in my life, and  
I have come back feeling more  
than ever that your work is  
very wonderful and that it  
will go on and grow and  
grow. I know that we

have made you very tired -  
and I know too that you  
have made us very happy,  
and I want to thank you  
with all my heart for all  
that you have done for us -  
been to us.

Take care of yourself dear  
Miss Mason - you are very  
precious to us.

I send you my love and to  
dear Miss Kitching.

Yours affectionately  
Margaret Potcham.

Dear Miss Mason.

Thank you very much for the wonderful  
and happy time you gave us all last  
week. It will be an inspiration and a  
joy to us all our lives. I do hope that  
you are not too tired, and that you are  
fairly well.

When you said goodbye  
to me I couldn't speak, and I am sure I  
was so stupid. It was a time of vision  
coming at the end of two or three very

difficult years, and I felt so grateful - and  
full of longing to pass on the great good you  
have given to us. We can't even thank  
you in words, but we and the children  
together do really thank you every day  
as we go on seeing great and beautiful  
things through the doors you open for us. And  
now you have really taken us through some  
of them yourself, and Theodore and I want  
to send you so much love, and we will work hard  
from  
Lesley & Co.

Dear Hip Mason.

I must just send you a few lines to tell you how very much I enjoyed your most delightful conference last week — & I very greatly appreciated the opportunity of meeting you & hearing you speak.

i28p2cm422

I think you gave the most enormous  
pleasure to all the parents - It  
was so delightful too, to see the  
School's glorious surrounding.  
I have been telling Elizabeth  
all about it, and she is very  
greatly interested.

I only hope you  
were not very over-tired after  
all you did for us.

With my very warmest thanks  
for all your goodness -

Yours very sincerely  
Lila Luddington

Dear Miss Mason -

I must just write  
a few lines to thank you  
for your delightful hospitality  
of last week.

The Conference has been to  
me a veritable inspiration  
& my visit to the practising  
School a delight -

In addition making a first  
acquaintance with the lake  
district in such lovely weather  
makes altogether a golden  
time of rest & refreshment to  
look back upon.

With kindest regards to  
yourself Mrs. Presch & Miss

Yrs. Very sincerely

June 6<sup>th</sup> 1922.

My dear Miss Mason.

I am very much afraid  
this letter is long overdue, I have  
been far too long in writing to tell  
you how very much we enjoyed  
your hospitality and what a beautiful  
Conference it made for us!

I wish one could give you an  
idea of how much we appreciated  
it all - but I think perhaps all  
the happy faces would show you  
more plainly than anything else  
how entirely lovely it was to be  
back again, and what good it  
was doing us!

Miss Smeeton and I were so  
glad to find the country around  
really green on our return, it  
helped to reconcile us to the town

Which is such a dreadful one -  
and now the children bring in  
almost daily lovely flowers &  
sprays too young to have  
suffered, as most do, from the  
cloak of soot and smoke.

We are looking forward to  
a visit from Miss Pennethorne  
on June 26<sup>th</sup> when she will  
speak to the parents, and a  
few others whom we want to  
interest. I hope the children  
will have a Talk too, but we are  
not yet sure how much time  
she will be able to give us.

We have just heard from the  
mother of a girl of 12 who left  
last term that the <sup>new</sup> School is  
much pleased with her - They

<sup>2</sup> find her up to her own age's standard in arithmetic (her weak subject) and beyond in all other work, so Miss Smeeton feels very happy. Another who left us to go to The Bolton High School (to prepare her for the bigger world of boarding school) has been put into a class where the ages range from 11-13 years - (she is nearly 11 years old now), and at the end of the term is to have a double remove. You know I am able to tell you these nice little things because the credit is none of mine. I have only had since last half term at school, but we hope the present pupils are going to be quite as happy in their results too! .

30p40m1432

We do hope that you will not  
be too tired after the very busy  
time you have had with two  
such exciting Conferences? but then  
you seem to draw fresh strength  
and inspiration from such work  
so we should not commiserate  
unduly.

Thank you again and again and  
all at Scale How who recorded  
you so happily for our very  
good times and for the memory  
of a most perfect reunion.  
With much love in which  
Miss Smeeton wishes to join

Yours very affectionately  
Frieda Todd.
